## PROJECTS

---

### My Portfolio Website

Live Demo: <https://ibrahimkolawole.vercel.app/>

- Built a modern portfolio website to showcase my projects, technical skills, and professional information.
- Implemented responsive layouts and interactive sections using React and Tailwind CSS.
- Applied smooth scroll animations using AOS to improve user experience and visual engagement.

### E-commerce Website (Frontend only)

Live Demo: <https://ibrahim2144.github.io/ecommerce-app/>

- Built a responsive e-commerce website with a product search bar and category filtering.
- Implemented cart functionality allowing users to add multiple products and view order summaries.
- Utilized React components, props, and state management to create dynamic user interactions.

### Tip Calculator App

Live Demo: <https://ibrahim2144.github.io/Tip-Calculator-App/>

- Developed a responsive tip calculator with real-time calculations based on user inputs.
- Applied JavaScript's event handling techniques.

### Tic Tac Toe Game

Live Demo: <https://ibrahim2144.github.io/Tic-tac-toe/>

- Developed a two-player Tic Tac Toe game with turn-switching logic and winner detection functionality.
- Built a responsive and user-friendly interface using Tailwind CSS

## TECHNICAL SKILLS

---

### Core:

- HTML5 & CSS3
- JavaScript (ES6+) & React.js
- Tailwind CSS
- Typescript
- Responsive Web Design

### Version Control:

Git & GitHub (active projects + repositories)

### Soft Skills:

Analytical problem-solving, attention to detail, adaptability, fast learner
